

WATER, Meter installation fee

Effective date: March 1996

Ordinance Section: 94-152

Generally:

- (1) Where water service is requested which requires the new installation of one (1) or more water meters, an installation fee shall be charged and collected in accordance with the schedule set forth below. The multiple meter portion of this schedule shall be applicable only where numerous meters are installed at one time for a single customer or a single property.
- (2) Where the system installs or has installed, at its cost, a water distribution system, in addition to the schedule below, a two hundred dollar (\$200.00) capital recovery charge shall be added to the first meter installed for individual accounts in areas that are not within the corporate limits of the City of Lafayette as of January 1, 1989.
- (3) The installation fee schedule is as follows:

First meter installed	\$300.00 per meter
Next 9 meters	\$200.00 per meter
Next 40 meters	\$150.00 per meter
On the remainder	\$110.00 per meter

Exceptions:

- (1) In subdivisions (a subdivision is defined as the division of land into two (2) or more parcels), condominiums and townhouses where the developer or owner has installed or paid for the total cost of the entire water distribution system, including fire protection, and the system has approved and accepted the said water distributions system, the foregoing installation fees shall not be charged.
- (2) In multiple family units (apartments, duplexes, triplexes, quadraplexes, etc.), mobile home parks, travel trailer parks, and shopping centers where the developer or owner has installed or paid for the total cost of the entire water distribution system, including fire protection, and the system has approved and accepted the said water distribution system, the foregoing installation fees shall not be charged when master metered.
