**FOR IMMEDIATE RELEASE**

**May 14, 2024**

**LAFAYETTE UTILITIES STORM RESTORATION UPDATE**

Lafayette Utilities System (LUS) has restored over 96 percent of the 7,500 outages with just under 250 remaining. We wish to thank the City of Winnfield, the City of Alexandria, and the City of Houma for assisting in restoring power to areas affected by yesterday's storm.

We appreciate your patience as there will be a continued effort to restore the remaining outages.

LCG is requesting the public remain at a safe distance from any LCG personnel working on the restoration to ensure a safe working environment. If you experience a power outage, please call (337) 291-9200, and for downed power lines or other electrical/water issues, please call (337) 291-5700. To access updates using the LUS outage map, please visit <https://www.lus.org/map/>.

Mission Statement: As a publicly owned utilities system, we provide high-quality, competitively priced services that exceed our customers' expectations, and contribute to the Consolidated Government to support other community needs.
